## STATE OF NEW HAMPSHIRE

### Office of Secretary of State

---

I, ENOCH D. FULLER, Secretary of State of New Hampshire, do hereby certify that the following hereto attached is a true copy of the proceedings of the MERRIMACK COUNTY DELEGATION for 1933 as recorded in Records of the MERRIMACK COUNTY DELEGATION and in my custody as Secretary of State.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Seal of the State, at Concord, this 1st day of March A. D. 1934.

ENOCH D. FULLER,  
*Secretary of State.*

---

Concord, N. H., Jan. 12, 1933

In accordance with the notice of the Speaker of the House, the Merrimack County Delegation met for the purpose of organization in Room 100, immediately after the morning session of the House.

John L. T. Show of Chichester was elected Chairman of the Delegation and assumed the chair.

Daniel M. Welch of Andover was elected clerk.

Mr. Blackwood of Concord offered a resolution that the Chairman appoint a committee to send a letter expressing the good-will and sympathy of the delegation to Rep. George A. Foster, member of the House and the Delegation and former Speaker of the House, now confined to the hospital. So voted.

The Chairman appointed on the said committee, Mr. Blackwood of Concord, Mr. Baker of Concord, and Mr. Fowler of Franklin.

On the motion of Mr. Blackwood of Concord, it was voted that the Chairman appoint a committee of five to confer with the County Commissioners concerning the County Budget or other matters in relation to county affairs.

There being no further business the Delegation adjourned.

A true record, attest:

DANIEL M. WELCH, *Clerk.*

---

State House, Concord, N. H., Feb. 28, 1933

Pursuant to a notice of the Chairman, the Delegation met in Section 5, Representatives' Hall, after the afternoon session of the House.

Chairman Shaw announced the following committee to confer on County affairs with the County Commissioners:

William A. Lee of Concord.  
Oscar E. Jewell of Warner.  
George G. Fowler of Franklin.  
George A. Hill of Concord.  
John H. Perkins of Pittsfield.

The Chairman read an invitation from the County Commissioners, to the Delegation to meet at the County Farm, Boscawen, on March 6, 1933. Voted to accept the invitation.

It was voted to ask Mr. E. H. Hunter of Hanover, to address the Delegation on County Government.

On motion of Mr. Hill, the Delegation adjourned.

A true record, attest:

DANIEL M. WELCH, *Clerk.*

---

State House, Concord, N. H., March 2, 1933

Pursuant to the call of the Chairman, the Delegation met in Room 100, immediately after the morning session.

Mr. Baker explained the reason for asking that the meeting be called. "There is a feeling on the part of some members of the Delegation," he explained, "that the final action on the Budget should be delayed to give the members time to consider it."

Mr. Baker offered the following Resolution:

Resolved that every member of the Delegation be furnished, at the earliest possible time, with a copy of the proposed Budget for the years 1933 and 1934.

That the County Commissioners be invited to confer with the Delegation at such time or times as may be arranged and that action on the Budget be deferred to March 27.

Discussion ensued.

On a viva voice vote the Resolution was adopted.

On motion of Mr. Ahern of Concord, the Delegation adjourned.

---

Merrimack County Farm,  
Boscawen, N. H., March 6, 1933

The Delegation assembled in the Chapel and was called to order by the Chairman, John L. T. Shaw of Chichester.

On motion of Mr. Pettingill of Pembroke it was voted that a committee of three be appointed to prepare suitable resolutions on the death of County Auditor, Enos K. Sawyer of Franklin.

The Chair appointed Mr. Pettingill of Pembroke, Mr. Doughtinett of Franklin and Mr. Dame of Concord.

The Delegation was in recess while a sumptuous dinner was served by Superintendent and Matron, Mr. and Mrs. Lorden, to the Delegation, as guests of the County Commissioners.

After dinner the members of the delegation reassembled in the Chapel.

The Roll was called by the clerk. Ten members were absent.

Mr. Lee of Concord reported as follows for the Budget Committee:

Mr. Chairman and Gentlemen of the Delegation:

Your committee appointed to confer with the County Commissioners in regard to necessary budget appropriations for the coming two years, would report that after having considered and discussed the matter in detail, would unanimously recommend for your consideration the following appropriations for each of the years 1933 and 1934:

Respectfully submitted,

WILLIAM A. LEE,  
JOHN H. PERKINS,  
GEORGE A. HILL,  
GEO. G. FOWLER,

*Committee.*

Mr. Baker of Concord moved that the Budget be laid upon the table.

Mr. Baker withdrew, temporarily, the above motion.

Discussion ensued, Mr. Lee of Concord, Mr. Baker of Concord, and Chairman Shaw of Chichester, taking part.

The Chair called upon Arthur H. Britton, Chairman of the County Commissioners, who discussed the Budget, making the following report to the Delegation:

Concord, N. H., February 27, 1933

*To the Members of the Merrimack County Delegation, Legislative Session of 1933:*

Gentlemen:

We herewith submit a budget of estimated expenses for each of the years 1933 and 1934:

Salaries, County Officers		\$6,750.00
Expenses, County Officers		900.00
Court House and County Officers		11,000.00
Jury Payrolls		11,600.00
State vs. Payrolls		7,500.00

Farm Bureau		5,500.00
Payment on outstanding notes		10,000.00
Miscellaneous payments		1,000.00
		<hr/>
		\$214,000.00

Analysis of items as compared with 1932 expenditures:

Salaries of County Officers is fixed by statute and is the same as in 1932.

Expenses of County Officers is \$18.48 more than expended in 1932, made necessary by increasing number of investigations.

Court House and County Offices show an increase over 1932 expenditures, of \$1,921.68, made necessary on account of repairs needed to be made.

Jury Payrolls show an increase of \$13.96.

State vs. Payrolls show an increase of \$141.04.

Counsel fees show an increase of \$96.48.

Court Stenographer show an increase of \$8.02.

Sheriff and Deputies show an increase of \$181.59.

County Farm shows a decrease of \$925.32.

Support of Poor away from Farm, an increase of \$7,517.78.

Aid to Blind, an increase of \$1,813.54.

Old Age Assistance for which no appropriation was made by the 1931 Legislature, increase of \$292.62.

Interest payments show a decrease of \$1,441.32. This being made possible by applying interest received on Jail Fund against interest on notes issued to care for 1932 deficit in appropriation and on temporary loans to be issued in anticipation of 1933 and 1934 taxes.

Farm Bureau appropriation is reduced by \$958.30.

Miscellaneous payments which include services of Medical Referee, etc., is increased \$72.38.

The item of \$10,000.00 is for part payment on outstanding notes which amounted to \$98,000.00 on January 1, 1933, which were issued to meet the deficit in appropriations of 1931 and 1932 and made necessary for relief to poor away from farm, which was caused almost wholly by the unemployment situation.

If further deficits are to be avoided in 1933 and 1934, it would seem necessary that the appropriation voted for 1933 by the Delegation of 1931 amounting to \$144,000.00 should be increased to \$214,000.00 in order to meet the budget requirements of 1933 as submitted herewith.

It should be borne in mind that under our present laws this relief has to be borne to a very large extent by the county, and for which it has no source of revenue except direct taxation.

If this burden upon the counties is to continue, it would seem that some source of revenue, other than all direct property taxation, should be diverted to the counties.

The county has no outstanding bonds, and has cash in savings banks to the amount of \$70,000.00, the interest of which is being used toward defraying interest charges on temporary loans; it being possible for the county to borrow money in the open market at a much lower rate of interest than it is receiving on its savings bank deposit.

At the last session of the Legislature, the County Delegation authorized the use of such part of this \$70,000.00 not in excess of \$50,000.00, to be used in making such needed improvements and additions as the Commissioners might deem necessary at the County Farm. This expenditure has not yet been made, as it has been thought expedient to await until economic conditions become more settled.

If the budget as submitted, is voted, Merrimack County should not only be able to take care of its obligations, but will still maintain its strong financial position, as well as the low per capita tax rate, among the counties of the State.

Respectfully submitted,

ARTHUR H. BRITTON,  
JOHN G. McQUILKIN,  
JOSEPH G. COLBY.

*Merrimack County Commissioners.*

Further discussion ensued.

Mr. Roby, Director of Poor Relief in Concord, reported on conditions and expenditures in that city.

Mr. Davis Director of Poor Relief in Franklin, reported similarly for that city.

The Delegation was addressed by Mr. Corliss, Commissioner of the State Department of Public Welfare.

Mr. Baker of Concord renewed his motion that the Budget be laid upon the table. Mr. Lee of Concord called for the Yeas and Nays.

29 Yeas—Gamache, Welch, Shedd, Trow, Coakley, Matott, Hill, Lindgren, Baker, DuBois, Dame, Bean, Sturtevant, Brooks, Haskell, Wheeler, Laramie, Rousseau, Douchinett, Twombly, Drake, Stobie, Rice, Shepard, Caveney, Duford, Pettengill, Gilman, Mock.

8 Nays—Fisher, Brunell, Russell, Ford, Lee, Fowler, Perkins, Stearns.

Twenty-nine having voted in the affirmative, and eight in the negative, the motion to lay the Budget on the table prevailed.

The committee appointed to bring in suitable resolutions on the death of Enos K. Sawyer, reported as follows:

Resolved that it is with deep sorrow that we learn of the death of Enos K. Sawyer, a greatly respected citizen of the City of Franklin and of the State of New Hampshire. He has served Merrimack County faithfully as an Auditor for a number of years and has been prominent in many offices in the affairs of the State.

And be it further resolved that a copy of this resolution be spread upon the records of the County Delegation and that a copy be sent to the members of his family.

FRED M. PETTENGILL,  
L. H. DOUPHINETT,  
EDWARD A. DAME,

*Committee.*

On motion of Mr. Brooks of Concord the following resolution was adopted:

Resolved that a committee of five be appointed, to meet with the County Commissioners and others, to study the Budget and make recommendations and that Mr. Baker of Concord be the Chairman with authority to select its other members.

On motion of Mr. DuBois of Concord, the following resolution was unanimously and enthusiastically adopted.

Resolved, That a rising vote of thanks be given to the County Commissioners and to the Superintendent and Matron of the County Farm for the courtesies extended to the Members of the Merrimack County Delegation.

On motion of Mr. Caveney of Northfield, the Delegation adjourned at 3:45 P. M.

Concord, N. H., April 6, 1933

Mr. Baker of Concord, elected chairman of a special committee to study the budget and make recommendations, at a meeting of the

Delegation at the County Farm on March 2, 1933, named as the other members of the committee:

Mr. George G. Fowler of Franklin.

Mr. Neal J. Rice of Hopkinton.

Mr. Edwin R. Caveney of Northfield.

Mr. Daniel M. Welch of Andover.

This committee prepared and sent to the members of the Convention through the mail the following preliminary report:

**PRELIMINARY REPORT**  
of the  
**SPECIAL BUDGET COMMITTEE**  
of  
**MERRIMACK COUNTY CONVENTION**

*To the Members of the Merrimack County Convention:*

The special committee appointed to study the Merrimack County budgets for 1933 and 1934 submits the following preliminary report:

Budget estimates submitted to the convention did not constitute a "balanced budget" for 1933 or 1934. This fact, coupled with the inadequate accounting system now in use, has made it very difficult for your committee, without the benefit of a thorough going audit and accounting anyalysis of all divisions of the county government, to reach solid ground in the formulation of a budget for this or next year.

After your committee has been studying the budget for several days it was discovered that the county convention in 1931 appropriated \$144,000 for the year 1933. Expenditure to that amount has already been authorized. This should be borne in mind by the convention.

In attempting to analyze the situation before proceeding with the formulation of a budget your committee attempted to find out the facts as to current operations for the last two years. In making this study the committee conferred with the county commissioners, the county solicitor, the sheriff, the county treasurer as chairman of the convention, with the register of deeds and the register of probate, and by delegation of the chairman with the chief justice of the superior court.

**BALANCING A BUDGET.**

A budget is formulated by balancing income against outgo. The sum of all estimated expenditures less the amount of estimated and

known non-tax income should give the amount to be raised by direct county tax to "balance the budget."

Your committee attempted to arrange a budget on this basis using the figures presented to the county convention by the commissioners through the first budget committee.

Income, allowing for an additional item of rent for the court house due to the special election anticipated in June, outside of tax revenues from the cities and towns was estimated at \$108,045. Expenditures proposed by the commissioners totalled \$283,450. This indicated that direct county tax of \$175.045 would be required to balance the budget as compared to the direct tax of \$214,000 recommended by the commissioners. Therefore \$38,595 appears to be an excess in the recommended tax over and above requirements.

It was later explained by the chairman of the board of county commissioners that the cash on hand at the beginning of the year had not been included as an income item in making up the budget, as it was believed this would balance off bills incurred in 1932 but not paid at the end of the year. Asked to submit to the committee the figures on unpaid bills the commissioners submitted by letter an estimate in which unpaid bills at the end of 1932 were placed at \$59,898.

This item was not reported in the county report, was not submitted to the convention when the budget was submitted and was not filed with your committee until after it had advised the commissioners of the apparent excess in the budget figures above requirements.

If the estimate is correct, not only would the unpaid bills take up all of the cash on hand at the beginning of the year but demand \$24,998.93 additional. Inasmuch as the figure on unpaid bills is only a guess no one can say whether the estimate is right or wrong.

If the estimate is to be accepted as correct then it may be that an item \$59,898 labeled "Unpaid bills outstanding at the beginning of the year" should be added to the commissioners budget. If this is done it would increase the budgeted appropriation requests to a total of \$343,348. Deducting estimated income of \$108,045 this would require a county tax of \$235,303 as compared to the \$214,000 estimated by the commissioners, or an increase of \$21,303.00. With \$144,000 already appropriated for the year this would indicate that the total tax would be increased by \$91,303 to balance the budget instead of \$70,000 recommended by the commissioners. Your committee believes that substantial savings in the budgeted appropriations can be made which will bring the total well below the original estimates.

The county report indicated that notes outstanding at the end of the year totalled \$98,000. If to this indebtedness is added the commissioner's estimate of unpaid bills amounting to \$59,898 a current

accumulated deficit at the end of the year (adding the two items and deducting cash on hand) would be \$121,998.93.

The county report did not make any mention of an operating current deficit either as to accumulation or for the year 1932.

Without a thorough analysis and audit of expenditures it is not now possible to fairly and completely analyze all proposed expenditures, or even the actual expenditures for 1932, by offices or departments of the county government.

#### REGISTER OF DEEDS.

Register of Deeds Edmund H. Brown has submitted to the committee a statement of the expense of his office chargeable to the county in 1932. He reported that the county paid \$1,262.48 for office supplies and incidentals in 1932 of which \$426.13 was paid to him personally for indexing. Mr. Brown told the committee that an item of \$118 paid the Cragg Bindery was not in reality a 1932 charge but was the final payment in a five year period for indices. He said the charge for his own services of \$426.13 for indexing was in the same category and that such a charge will not occur again until 1935. It should be remembered that the register draws no salary but keeps all fees accruing to this office plus income from abstraction, and pays his own assistants.

This would indicate that an appropriation of \$700 for supplies for this office in 1933 would be ample instead of \$1,262.48 spent last year. No account of this changed need was reflected in the commissioners' estimates. The reduced amount will be reflected in the committee's recommended appropriation for county offices.

The register of deeds is the only county officer who is wholly compensated through the fee system. The register has informed your committee by letter that the average annual income over the last five years was \$6,378.60 from recording, and \$1,987.29 from abstracts or a total average annual income of \$8,360.00. The average annual payments to clerks during the period was reported at \$3,757.53. The average annual return to the register was reported as \$4,602.68.

#### REGISTER OF PROBATE.

Register of Probate, I. Eugene Keeler, submitted a report on operations of his office. He advised your committee that he receives a salary of \$2,000 from the state which also pays the deputy register. The register receives all fees paid to his office. The county pays one clerk \$900 a year and the office upkeep. Mr Keeler estimated that 1932 expenditures for ordinary office supplies approximated

\$300 and that the annual bill for books and printing would not exceed \$500. He was unable to suggest any sort of saving in his office. A reduction of about 10% in this total will be reflected in the Committee's recommendation for the 1933 appropriation.

#### SHERIFF'S OFFICE.

The Merrimack County Sheriff receives a salary of \$2,000 a year from the county. Rent for his office in the sum of \$282 is paid by the county. In addition the sheriff receives \$5 per day for every day including Sundays and holidays that the superior court is in session. In 1932 this amounted to \$645. Whenever the sheriff is called upon to do any county work he charges a per diem of \$5 plus his expenses. It was found by study of the payrolls that during the April term of court in 1932 the sheriff was paid at least one \$5 per diem fee for work other than attendance at court on 21 of the 74 court days. On two of the court days—May 25 and June 10—the sheriff was paid two per diems of \$5 each in addition to his court fee of \$5. Your committee is unable to report how much income accrues to the sheriff from his "private business"—that is, collecting fees for the service of writs. However, it is indicated that in 1932 the county paid Sheriff Wooster in salary and per diem fees, outside his private income from fees, more than \$3,000. Sheriff Wooster in a report understood to have been sent to all members of this delegation, reported that he paid out \$1490 to run his office in 1932. He asserts that other counties pay sheriff's office expenses.

It should be borne in mind that the sheriff receives reimbursement for all his actual travelling expenses in addition to his salary and per diem when on county business. No analysis of this total has been possible in the short time available for study. It is the opinion of the committee that no accurate estimate of the total income to the sheriff can be determined without a thorough audit of his accounts. This was beyond the power of your committee.

#### PAYROLL STUDIES.

Your committee examined the payrolls of the county solicitor's office and of the sheriff's office at a joint conference with Sheriff Wooster, Solicitor Colby and Deputy Sheriff Cleveland Percy after an independent study at the county court house by two members of the special committee.

This study showed that Mr. Percy was listed on the Sheriff's payroll as having been on duty at superior court, for which the allowance is \$5 per day and \$3 expenses, or a total of \$8 per day, on April 12, May 23, 24, 25, 26 and June 7, 8, 9, 10, 27, 28, 29, 30 and

July 1 during the April term of 1932 and October 25, 27, November 9, 14, 17, 28, and 29 in the October term. Examination of the payroll in the solicitor's office revealed that on every one of those days Percy was on the solicitor's payroll. In every instance he received one \$5 per diem fee and his expenses in addition to the court allotment while on three occasions—June 7, and June 28 and June 30—he received two per diem fees on the solicitor's payroll of \$5 each, plus expenses. On June 7 the total allotted to Percy was \$8 for court and \$23.10 for investigation under the solicitor; and on June 28 it was \$8 at court plus \$18.60 under the solicitor; and on June 30 it was \$8 for court and \$44.60 for the solicitor.

It was explained that it had been the solicitor's practice when Percy had worked all day for one \$5 per diem and was forced to undertake night investigations to allow a second \$5 per diem.

Sheriff Wooster was aware, he said, that Percy had worked for the solicitor during the court period because he recalled Percy's having asked permission to do work for Colby on some of those days. Solicitor Colby, however, told the committee he had no knowledge previous to the committee study, that Percy had been on the Wooster payroll for days when he had used him. Mr. Colby told the committee further that he would not allow such a duplication in the future. Payment of the deputy sheriff of two per diems, when that system of compensation is followed, may be justified but your committee does not endorse the practice and it cannot in any sense justify the payment of three per diems on two payrolls on the same calendar days.

The committee makes no challenge of work done. Allowance paid may be within the law.

The committee found scattered cases where other deputy sheriffs have received two per diems on different payrolls on the same day. Concentration of the practice in the Percy case seems to be due to the fact that Percy's skill as an investigator has led the solicitor to use him almost to the exclusion of other deputies.

Arthur E. Bean, a member of the delegation whose services were loaned to the committee for a day by the state comptroller's office for that purpose, assisted the committee in financial studies.

It was discovered in going through the vouchers in a superficial manner that on one payroll Percy was apparently over-paid in the amount of \$33.30 due to faulty addition of listed items of expenditure while in another case an overpayment of \$10 had apparently been adjusted later. In still another case Percy was apparently under-paid \$5. It was reported to us that in one instance it cost the county nearly \$25 to transport one prisoner from Boston to Concord

by auto which led your committee to make an analysis of mileage costs.

This analysis indicates that the sheriff and his deputies received an average of 13.4 cents a mile from county funds in 1932 for the use of their private automobiles. The sheriff and his deputies are allowed 10 cents per mile for ordinary mileage. When transporting prisoners they receive 20 cents per mile for one, 30 cents per mile for two, 35 cents per mile for three and an additional five cents per mile for all over three prisoners. This schedule is promulgated and approved by the court. It contrasts with the state sliding scale where the maximum is 8 cents a mile and drops below that figure as mileage increases. The state average mileage allowance is approximately six cents a mile or 7.4 a mile less than the county rate. Total payments for mileage in 1932 appear to approximate \$3,053.95 in the sheriff and deputies account.

It should be pointed out that the county maximum of 10 cents was dropped from 20 cents only about a year ago on recommendation of Solicitor Colby.

It should be pointed out further that other county officers reported that they are now charging eight cents a mile.

In the transportation of prisoners deputy sheriffs also receive additional fees for services of writs and copies of records.

#### WELFARE AND PURCHASING.

Casual examination of public relief vouchers revealed that retail prices are being paid for food supplies furnished the needy. In one voucher it was discovered that the county pays as much as 25 cents a pound for coffee while the State is purchasing coffee for its institutions for about 14 cents a pound.

The county report would indicate that the "shopping around" practice prevails in county purchasing both as to supplies and food products for public relief. It would appear that anticipation of county needs in advance and quantity purchases would permit a very substantial reduction in normal as well as emergency county costs.

The special committee is now studying the Merrimack County Farm. It will be prepared shortly to present to the convention its recommendations as to a budget for 1933 and 1934 and as to some matters of county policy. It is not presenting its budget recommendations at this time in view of the fact that important legislation is now pending in the legislature which may substantially change the duties and obligations of the county for the next two years. The committee feels that the convention should await action on this

legislation rather than act now and possibly be forced to revise the entire budget in the light of new conditions.

Respectfully submitted,

## INCOME.

Income from sources other than taxes is estimated for the year 1933 at \$106,020. This estimate has been revised slightly since the first studies were made due to further investigation which has led the committee to believe that there may be a small reduction in income at the county farm.

The committee's estimate and the comparative statement of actual receipts for 1932 as reported in the annual report is as follows:

Cash on hand, January 1 *	\$7,290.93	\$34,899.07
Fines and Forfeits	3,084.96	2,945.93
Income from Institution	19,659.18	17,000.00
Interest	3,178.20	3,100.00
Reimbursement	6.73	0.00
Miscellaneous (rent)	50.00	75.00
Federal Relief Funds	45,000.00	48,000.00
Taxes from cities and towns	144,000.00	**
	\$122,270.00	\$106,020.00

\* Cash on hand as of January 1 in each year is as reported in annual report.

\*\* The direct tax assessed for 1933 will be the balancing item to balance proposed expenditures against estimated income.

It is impossible to accurately estimate the income for 1934 at this time due to several factors. Among them are uncertainties as to whether federal relief will continue on approximately the same basis as for 1932 and for 1933. The committee feels that such an item of federal relief should be counted upon, however, and therefore includes such an item in its estimate bearing in mind that if the recommendations of the committee as approved by the commissioners for a special meeting to review the 1934 appropriations is adopted that account can then be taken of any new conditions. Cash on hand, however, will not be so great as was the case at the beginning of 1933. If the approximate cash on hand for January 1, 1932 is a fair estimate and accepting it at 7,000.00 the estimated income for 1934 would be as follows:

Cash on hand at beginnig of year	\$7,000.00
Fines and forfeits	3,000.00
Income from Institution	17,000.00
Interest	1,700.00
Miscellaneous	50.00
Federal relief funds	48,000.00
	<hr/>
	\$76,750.00

#### DIRECT TAX NECESSARY.

If the expenditures of the county are held within the appropriations for 1933 and the income is equal to the estimates, \$158,830.50 would have to be added to the income section of the budget as a direct county tax to balance the budget. It is therefore recommended that for 1933 the direct county tax be set at \$159,000.00.

Due to the estimated decline in income for the year 1934 an increase would have to be voted in the direct tax for that year to balance the budget. The difference between the proposed expenditures and the estimated income from other than taxes is \$187,075. The committee therefore recommends that the convention fix the direct county tax for 1934 at \$188,000. The budget for 1934 and the direct tax will be reviewed, under the recommendation, at a special convention. The commissioners had suggested a direct tax of \$214,000 for each of the two years.

#### COMPARISON OF FIGURES

The county commissioners had estimated expenditures for 1933, according to the committee's analysis, at \$283,450 although it was not stated in that manner in the commissioners' budget due to in-

come deductions. The committee has recommended appropriations of \$264,850.50 for 1933 and appropriations for expenditures of \$263,825 for 1934. The committee's recommendations are, therefore, for an expenditure of \$18,599.50 less than the commissioners' estimate in 1933 and \$19,625 less than the commissioners' estimate for 1934. These deductions have been made wholly outside the appropriations "off the farm relief" as these items have been included exactly as recommended.

It is the hope of the committee that every department of the county government will make a cooperative effort to hold expenditures within appropriations.

#### REDUCTIONS EXPLAINED.

While the reductions in appropriations over previous spendings may seem large in some instances the committee believes them to be wholly reasonable. With such information as it has been able to develop without the benefit of an adequate accounting system from the point of view of expenditure analysis and without the benefit of an audit, which would have developed such an analysis, the budget represents the best judgement of your committee.

The item for jury payrolls placed at \$9,200 compares to an actual expenditure in 1932 of \$11,613.96. The appropriation is approximately the actual spending in 1931.

The appropriation for the solicitor's office is \$7,721 for each of the two years. Expenditures for the comparative items listed in the 1933 and 1934 budgets amounted in 1932, according to a statement presented to the committee by the solicitor, to \$15,109.48. In his estimate the solicitor indicated that due to changes in policy and to extraordinary expenditures in 1932 not anticipated this year he expects to hold down his expenditures in 1933 to \$10,133.50. The committee made several revisions in the solicitor's estimate particularly in the items for investigation and travel allowances for investigators bringing the total down to \$7,721. It is expected that more of the investigation work will be done by the salaried sheriff under a new arrangement to be outlined in another section of the report. This portion of the budget reflects items formerly reported, in part, under sheriff and deputies excluding the sheriff's salary and the estimated total for court per diems. In other counties the court per diem for deputies includes no \$3 a day allowance item. The committee's budget for Merrimack County does not provide such an allowance.

## SALARY AND WAGE REVISIONS.

The committee has submitted its budget on the basis of reductions of pay for county employees at varying amounts. Higher paid employees have received the greatest reductions. In making these recommendations the committee hopes employees will not feel that the committee is unappreciative of work done.

In case of the sheriff, the solicitor and the clerk of the superior court the committee is recommending that a straight annual salary be substituted for the previous method of reimbursement for services through a combination of salary and county paid fees or per diems. The committee is recommending a salary of \$2400 for the sheriff as compared to his present salary of \$2,000 and of \$1600 for the solicitor compared to his present salary of \$1250. This represents a reduction of approximately 20 per cent for these officers on their 1932 county paid salaries and fees. A salary of \$2900 is recommended for the clerk of the superior court in substitution of the present basis of salary and allowances and is a reduction comparable, the committee estimates, to that of the sheriff and solicitor. These salaries are proposed to be paid as reimbursement in full for services rendered and in lieu of all other county paid fees and charges.

A reduction of 10 per cent is recommended for the other county employees, including those at the county farm. Statutory changes necessary to put these into effect have been prepared in bill form. In the case of county employees whose salaries or wages are not fixed by statute the committee expects appropriate authority to adopt a comparable policy and has made such a suggestion to the commissioners in case of the county farm.

Budget reductions have been made to meet these re-adjustments.

## LIQUIDATING UNPAID BILLS.

When your committee attempted to make up a budget on the basis of income and outgo it was informed that it was the belief of the commissioners that cash on hand should not be considered as income but as an offset to unpaid bills. Subsequently the commissioners submitted an estimate of these unpaid bills. Their estimate was as follows:

Court accounts	\$5,300.00
Salaries, officers (last quarter)	998.00
Care, supplies, Court House	800.00
Aid to Soldiers'	3,800.00

Poor off Farm	49,000.00
	<hr/>
	\$59,898.00
	<hr/>

Later estimates submitted in different form varied slightly from the figure given in the letter of the three commissioners.

The Committee believes that in the case of "Court Accounts" there might be some question as to whether they were due and payable in 1932 and for that reason should be excluded from consideration in recommending liquidation of the unpaid bills. It believes the item of officers' salaries, which it understands were payable on the first day of the new month for the last quarter of 1932, should be considered a 1933 charge. There appears to be the same question as to care and supplies for the court house, where an inventory would show some of the supplies still on hand. The other items would appear to be proper charges to allocate to the cost of operation in 1932, however. Inasmuch as your committee has had no facilities to determine the exact amount of these unpaid bills it recommends that the votes of the 1931 convention pledging the jail fund to new construction at the county farm be rescinded and that a contingent special appropriation from that fund of \$50,000 be made to liquidate the bills payable by reimbursement of the treasury to that extent and that the county accounts be immediately placed upon an accrual basis. This has already been approached in fact through the commissioners' action in adopting monthly settlements with the towns and cities. This action is approved by the committee. The committee further recommends that the 1933 report, when published, contain a statement of the bills outstanding at the end of the year, if any.

This recommendation, if adopted, should place the county on solid ground. It would leave a balance of \$20,000 in the jail fund which could be available at the end of the year when the special convention meets to reconsider the 1934 budget either to apply to—(1) a reduction of the proposed direct tax for 1934, (2) to further retire the temporary notes outstanding, (3) or be left in the fund.

The commissioners recommended to the committee that the temporary notes be renewed instead of issuing bonds or attempting to liquidate debt by taxation this year. They asked an appropriation of \$10,000 to apply to retirement of the notes amounting to \$98,000. The committee sees no objection to this proposal and has included the item requested in its recommended budget.

## EFFECT OF HOUSE BILL 417.

The convention should know that according to the best information available to your committee the effect of House Bill 417, if it is written into law in its present form, will be to take \$78,000 out of the Merrimack County budget for 1933 and \$99,000 for 1934. If this bill becomes law, therefore, Merrimack County could liquidate the outstanding bill account without resort to the "Jail Fund" and could further reduce its temporary notes with the same direct county tax as recommended or it could still further reduce the tax or provide a budget in which all three objectives could be welded into the county program.

## INSURANCE.

At the request of the committee the commissioners have furnished an itemized list of insurance policies carried. Apparently not in every case was the expiration date of insurance taken into account in the original budget estimates. For instance, in the budget estimates submitted to the committee at its request by the superintendent of the county farm his appropriation request carried an item for insurance of \$1321 for 1933. An analysis of the policies by expiration dates as reported in the statement submitted by the commissioners indicated that premiums of \$389 would be payable in 1933 and of \$706 in 1934. These latter items were allowed in the budget in that manner.

The convention should, in the opinion of the committee, consider the question of whether fire insurance on county owned property should be carried at all. The state does not carry fire insurance. There would never be any difficulty of restoring buildings lost by fire in Merrimack County. Reconstruction could start at once under funds raised by loan if it were necessary in contrast to the case of the individual who probably would not have such a borrowing capacity in case of loss. There appears to be reasonable ground for the belief that if fire insurance is to be continued the total amount of coverage could be safely reduced by one-third. The committee has taken no action on this matter, however, believing it to be a convention decision.

## THE FEE SYSTEM

The committee believes that the county should be informed as to the amount of fees collected by each of its officers who are reimbursed for any services by that system and it recommends that every county

officer place a certified statement of his fees in the hands of the county commissioners at the end of each year for publication in the annual county report.

#### INADEQUACY OF ACCOUNTING DATA.

It should be again stated in this report that the committee has met with constant difficulties in arriving at budget estimates and to the inadequacy of existing accounting methods, incompleteness of available information which the accounts should reflect, and to the further fact that so far as Merrimack County is concerned this study constituted the blazing of a new trail.

This situation is as much the fault of the convention as of the commissioners as it would appear to be reasonable to conclude that, had similar studies been previously made, weaknesses in an outworn system would long ago have been eliminated.

The committee was informed that its inquiries were of a character never before raised "even by the auditors."

These facts have led to the conclusion that some form of adequate control of county spendings must be instituted else the appropriation of a detailed budget is without avail. Such control must be implemented by a more adequate accounting system. Definite recommendations will be made to cover this conclusion.

The committee has felt that an audit was essential to produce information really necessary to prepare an adequate budget even for 1933. It hesitated to seek an audit with legislation pending to provide for audit by state authorities. Consequently it has proceeded with such information as it could develop itself. In making its studies the committee constantly found inadequacies in the system of accounting now in force. It desires to repeat here that continuance of this system is probably as much the fault of the convention as of the commissioners, or other officers, who have merely continued the practices in force when they took over.

Some examples of the inadequacy of present methods and existing accounts may be cited merely to indicate the handicaps under which your committee has worked and which must also be handicaps to county officers.

In studying the county farm problem from a budget point of view the committee observed that the superintendent of the county farm is reimbursed each month by varying total sums for cash paid out during the month. This approximated \$2800. for the year 1932. The committee looked into the character of transactions for which such reimbursements were made.

It found that the account submitted to the commissioners by the farm superintendent for reimbursement constituted a single expense sheet on which his expenditures were listed. In the great majority of instances these listed items were not supported by receipts attached to the expense sheet. One such receipt, which was attached to an expense sheet, was to cover the purchase of a cow at a cost of \$80. On several of the monthly sheets there appeared at the bottom listed items of hardware in varying amounts, kinds and prices. The farm superintendent told the committee that these items represented day to day purchases, some of which were at the store of County Commissioner Britton. Mr. Britton confirmed this statement at a subsequent conference. The items listed in the expense sheet were in many cases substantially greater than small items listed in other itemized accounting in the county report.

Several other officers of the county or its agents are also reimbursed on the payment for cash paid out basis. Among these is City Clerk Arthur E. Roby of Concord, agent for the county in the handling of county poor in Concord and who receives a salary of \$350 a year and a flat allowance of \$150 for the use of his private automobile.

Examination of the county farm payrolls indicated that the superintendent of the county farm has himself endorsed, by initial, receipts for wages paid by him to farm employees.

What is meant by inadequacy of information necessary to preparation of a budget may be further illustrated by efforts of the committee to estimate probable income at the county farm. The superintendent submitted to the committee an estimate of his probable expenditures in 1933 and a summary of probable income. The figures did not agree with those submitted by the commissioners. The superintendent estimated his receipts from towns and cities for board of inmates at \$6500 in 1933 and the total income for the farm at \$15,000 instead of \$19,000 approximately received in 1932. On page 98 of the county report there appears a breakdown of cash receipts at the farm. This breakdown gave receipts from boarders at \$6,906.12. The superintendent and a member of the committee added up the items received for board as they appear in the monthly summaries in the superintendent's report and found that receipts for board were actually \$8,840.97 in 1932. In addition there were outstanding at the end of the year, items in this account due the farm of \$2,088.31. On this basis it seemed reasonable to expect that income from this source at the farm will exceed the \$6500 estimated by the superintendent in his statement to the committee and such an increased income is reflected in the budget. The superintendent told the com-

mittee member that he did not make up that section of the report in which the apparently erroneous figures occurred.

The farm payroll now runs to more than \$1100 a month. The committee has suggested to the commissioners a 10 per cent reduction in this payroll, and has so provided in the budget.

Another illustration of the inadequacy of the accounts as now available is found in examination of the accounts of the county solicitor where items for which he was reimbursed including \$70 in liquor fees and some \$14 in telephone charges was reported in the county report as wholly for telephone.

An item in the commissioners' report indicates that some insurance was purchased through "McQuilken Ins. Agency." Commissioner Joseph G. Colby informed the committee that he had on some occasions sold items to the county but that he had sold nothing to the county for "more than a year."

The committee disapproves the practice of county officers dealing with themselves in the conduct of county business.

The committee was informed by the commissioners that a small appropriation was made out of county funds to contribute to the employment of legislative counsel appearing before the legislature on county matters. In view of the fact that members of the county delegation in the legislature are elected just as much to represent the best interests of the county as to represent the best interest of its towns, wards and the State of New Hampshire as a whole; and the further fact that the commissioners are salaried officers, use of county funds for such purpose is disapproved by this committee. If legal advice is needed it is suggested that the county solicitor be used for that purpose without special expense to the county.

#### FUTURE POLICY

The committee believes that the commissioners should be in fact, what they are popularly regarded as being, the administrative officers of the county and that they should be so implemented as to permit them to exercise real control over county spendings. To that end the committee will in a supplemental report submit to the convention a proposed plan intended to bring about control of county spendings.

Assistance in preparing this plan, under direction of the committee, has been helpfully rendered by Mr. Stephen Storey and Mr. William Watson of the Bureau of Municipal Research of the National Institute of Public Administration, who have been associated together in the survey of city governments made during recent months.

Should the convention feel that the committee's proposal as to control of spendings to be submitted later is desirable and feasible the

committee believes these men will assist in the installation of the accounting system necessary to secure adequate accounting, efficient control, and the production of accounting information essential to preparation of adequate budget information for the benefit of the county officers and the convention. The committee submits the following additional recommendations:

#### OTHER RECOMMENDATIONS

1. That the budget be voted for 1933 only and that the commissioners be directed to submit a balanced budget for 1934 to be considered at a special convention after it has been studied by a special committee either as now constituted or as may be specifically appointed for that purpose. The recommendation that the budget be voted for a single year carries the approval of the county commissioners. If the present law remains unchanged by the 1933 legislature requiring the appropriation for two years it is recommended that the appropriations be made with the understanding that a convention will be called as early as possible in 1934 to reconsider the appropriation for that year in the light of the suggested new balanced budget and the report of the special committee.
2. That the county discontinue the contribution of any sum to the expense of the sheriff's office; that the sheriff's annual salary be fixed at \$2,400 in lieu of all other county-paid per diem charges and county-paid fees except mileage allowance for actual travel on county business which should be allowed at the same rate as recommended for other county officers and travel expenses. The sheriff's salary should be paid monthly. This represents a net reduction of approximately \$700 a year.
3. That the practice by which the court has issued checks to the sheriff covering payment of his deputies and some other expenses under which the burden of distribution falls on the sheriff be discontinued and that individual checks be issued to each claimant after his bill has been audited and approved. This recommendation should also apply to the county farm employees.
4. That the county solicitor's annual salary be fixed at \$1,600 a year, payable in monthly installments, in lieu of all other county-paid fees or charges except mileage for actual travel on county business at the same rate allowed other county officers and actual travel expense. This represents a reduction from the present salary and fee basis of approximately \$400.

5. That the convention endorse the letter of the county commissioners sent out since this committee started its studies requesting that the towns submit their bills monthly instead of occasionally as under the old practice.

This should be of real benefit to the towns and cities and at the same time give the commissioners a better understanding of conditions.

6. That the county commissioners make a study of the commissary method of granting public welfare relief and adopt it if found feasible and that local poor relief officials be invited to cooperate and take advantage of savings resulting.

7. That the county commissioners be requested to revise their method of purchasing supplies by cooperating with other counties or by making use of state facilities, in order that savings from quantity buying may be achieved. Merrimack County's fortunate location in proximity to the State House and the State Purchasing Agent's office suggest use of that agency which has long been permitted by law.

8. That the convention give its support to the bill now pending under which the state tax commission will take over county auditing. This item has been eliminated from the county budget. In the event the bill mentioned does not pass, a thorough audit of all county books should be instituted under appointment by the court.

9. That the commissioners be requested to give a detailed report of every expenditure in excess of the appropriations granted by this convention.

10. That all county officers submit in writing to the commissioners during the month of December an estimate of all income accruing to their offices and departments and of all proposed expenditures for 1934 to assist the commissioners in preparing a balanced budget for 1934 to be submitted as previously recommended.

11. That the county adopt the state mileage schedule for all officers and allow no more.

12. That the practice of reimbursing county employees for cash paid out be immediately discontinued and that all orders for supplies be submitted to and approved by the commissioners prior to purchase.

13. That the county report for 1934 be so revised as to present to the county statements, together with an explanatory letter from

the commissioners, which will present a true picture of county finances. To this end it is recommended that the report include:

(a) A letter of transmissal which shall contain such explanation as may be necessary to clearly present the financial condition of the county.

(b) Proceedings of the convention including a statement of the budget appropriations compared to actual expenditures for the period.

(c) A balance sheet giving the assets, liabilities and surplus at the end of the fiscal year.

(d) A statement of operations for the year setting forth all revenues received and accrued during the year and all expenses of the year arranged in such manner as to give the net result of operations during the year.

(e) Detailed statement of expenditures classified by character functions and activities. This should be presented in columnar form to report: amount appropriated; amount expended; amount unexpended.

(f) Supporting schedules showing: amount of debt authorized, issued, redeemed, and outstanding classified by purpose for which issued; the nature and amount of fixed property and equipment in possession of the county; and detailed statements of expenditures reporting the cost of certain functions such as support of poor not on farm, county farm, and courts in terms of activities and objects or actual supplies or services received.

(g) Individual departmental reports as provided by Section 1, Chapter 41, Public Laws.

(h) Statistics.

14. That all officers or employees of the county receiving funds belonging to the county be required to deposit such funds to the credit of the county in the specified depository at such times as the commissioners may prescribe.

15. That the board of county commissioners designate a county depository for the custody of all county funds not otherwise invested and that such depository be required to give bond with a qualified surety or guaranty company in an amount not exceeding the average balance of county funds on deposit.

16. That all claims against the county for whatever purpose be approved by the commissioners and paid upon their order.

17. That the clerk of the superior court be required to deposit to the credit of the county in the specified depository all receipts from whatever source at intervals prescribed by the commissioners and that he be required to submit all claims to the commissioners for approval and payment.

*Special Budget Committee.*

Concord, N. H., May 24, 1933

On the call of the chairman John L. T. Shaw of Chichester, the Delegation met as a special committee of the House to consider House Bill 462.

An act relating to salaries of Merrimack County officers.

The Chairman, being personally interested in the bill, asked Mr. Blackwood of Concord to preside.

Mr. Blackwood took the chair.

Mr. Baker of Concord submitted a new draft of the bill and explained it.

Mr. Arthur Britton, County Commissioner was granted permission to address the Delegation.

He discussed the proposed new highway running by the County Farm at Boscawen and explained in considerable detail the proposed project of building a tunnel, and a cattle underpass and the repairing of the heating plant at the County farm.

Mr. Britton was of the opinion that the commissioners have authority, by vote of the 1931 Convention, to proceed with the work, but he asked the Delegation to grant the Commissioners definite authority at this time to use \$10,000.00 of the so-called jail fund for this purpose.

Mr. Haskell of Concord, moved that the Delegation approve the project and appropriate therefor \$12,000.00.

Discussion ensued.

Mr. Baker of Concord wished to have the sum stated appropriated but the source of the funds left unspecified.

He moved to amend the resolution to read:

Resolved that a sum not to exceed \$12,000.00 be and hereby is appropriated for building tunnels and for repairing the heating plant at the County farm.

The resolution was adopted in this form.

Mr. Baker of Concord, moved that House Bill 462 in new draft, be reported, ought to pass.

Discussion ensued

On motion of Mr. Dame of Concord, the Delegation went into executive session.

DANIEL M. WELCH, *Clerk.*

Concord, N. H., June 15, 1933

In accordance with a notice read by the Speaker of the House, the Merrimack County Delegation met in Convention at 2:00 P. M., in room 157.

The Chairman, Mr. Shaw of Chichester, presiding.

Mr. Baker of Concord, for the Special Budget Committee submitted the report and recommendations of the committee.

Mr. Arthur H. Britton, Chairman of the board of County Commissioners, objected to various items in the proposed budget as read.

He wished particularly to go on record as being opposed to the proposed reduction of about \$6,000 below the amount expended at the County Farm in 1932.

There was discussion, questions and replies by Mr. Britton, Lee, Elkins, Shaw of Chichester, Haskell, Shaw of Franklin, Baker.

Mr. Colby of the County Commissioners urged the Convention to grant the extra \$6,000 over the proposed budget estimate for the County farm.

Dr. A. A. Beaton of Franklin, County physician, addressed the Convention, urging the provision of additional hospital facilities at the County farm.

Mr. Corliss, State Commissioner of Public Welfare addressed the Convention.

Mr. Colby, County Solicitor, spoke for improved facilities at the jail and house of correction and improvements at the alms house, but he doubted whether the amount left in the jail fund would be sufficient for the needed improvements, and suggested that such improvements be financed through a bond issue.

Mr. Britton was opposed to the use of the so called jail fund for anything but capital expenditures. In reply to questions, Mr. Britton stated that the Commissioners have no plans and no estimates of expense for making improvements at the farm and house of correction.

There was discussion on the disposition of the balance in the so called jail fund.

The Convention went into executive session.

Mr. Baker of Concord, moved the following resolution, seconded by Mr. Sturtevant of Concord:

Resolved, that the vote of the 1931 Convention raising and appropriating the sum of \$144,000.00 for the year 1933 be rescinded.

The resolution was adopted.

Mr. Baker of Concord, offered the following resolution and moved its adoption:

Resolved that the vote of the 1931 Convention taken on February 9, 1931, authorizing the County Commissioners to use \$50,000.00 of the so-called Jail Fund for improvements at the County farm and the vote of the 1931 Convention taken March 19, 1931, authorizing the use of the balance of the so-called Jail Fund for improvements at the house of correction building, be rescinded.

The resolution was adopted.

Mr. Baker of Concord, offered the following resolution and moved its adoption:

Resolved that the sum of \$3,000.00 be appropriated, in addition to the appropriation of \$12,000.00 made on May 24, 1933, for tunnels and for repairing the heating plant at the County farm, and that the \$15,000.00 thus appropriated be taken from the so-called Jail Fund.

The motion was seconded by Mr. Elkins of Concord.

Discussion ensued.

The resolution was adopted.

Mr. Baker of Concord, moved the following resolution, seconded by Mr. Elkins of Concord.

Resolved that the balance of the \$55,000.00 remaining in the Jail Fund be used to retire outstanding notes of the County.

Discussion ensued.

By a show of hands the resolution was adopted 21 for, 11 against.

Mr. Baker of Concord, offered the following resolution and moved its adoption, seconded by Mr. Lee of Concord.

Resolved that the County Commissioners procure plans for such new buildings, changes or additions in or to existing buildings at the County farm including hospital facilities and jail accommodations, together with estimates of cost of each and all charges and submit the same to the next meeting of the Convention and that for this purpose the Commissioners be authorized to secure the services of a competent architect.

The resolution was adopted.

There was discussion of the budget as proposed by the budget committee.

Mr. Bean of Concord, moved that the sum of \$6,000 be added to the miscellaneous item of the County farm budget for the year 1933, and a similar amount for the year 1934, and that \$1,000 be taken from the General Contingent Fund for the year 1933, and a like amount for the year 1934.

The motion prevailed.

Mr. Baker of Concord, moved the following resolution:

Resolved that the sum of \$259,248.50 be and hereby is appropriated for the year 1933 as detailed in the report and recommendations of the special budget committee and that the County tax for 1933 be \$153,229.00.

The resolution was adopted.

Court House, Concord, N. H., Aug. 18, 1933

Using the authority granted in Section 3 of Chapter one hundred and twenty of the Public Laws of 1933, the Chairman, John L. T. Shaw of Chichester, sent out the following call for a special meeting of the Merrimack County Convention.

#### SPECIAL MEETING OF MERRIMACK COUNTY CONVENTION

At the request of the County Commissioners a special meeting of the Merrimack County Convention will be held at the County Court House in Concord at one o'clock in the afternoon, Standard Time, on Friday, August 18, 1933 for the following purposes:

To consider the matter of additions, alterations and equipment at Almshouse Building, installation of additional jail equipment in House of Correction Building, appropriation for heating equipment and any financing made necessary by votes of the Convention including application for Federal Funds to finance such projects as may be voted.

JOHN L. T. SHAW, *Chairman*

Merrimack County Convention.

Concord, N. H., August 10, 1933.

Pursuant to the above call, the Merrimack County Convention met at the Court House, August 18, 1933.

At 1:15 Chairman Shaw called the Convention to order.

The call of the roll showed the following members present:

Gamache of Allentown; Welch of Andover; Fisher of Boscawen; John L. T. Shaw of Chichester; Coakley of Concord; Matott, of Concord; Hill of Concord; DuBois of Concord; Nash of Concord; Blackwood of Concord; Lee of Concord; Ahern of Concord; Haskell of Concord; Wheeler of Dunbarton; Fowler of Franklin; Laramie of Franklin; Rousseau of Franklin; Douphinett of Franklin; James S. Shaw of Franklin; Doon of Henniker; Twombly of Hill; Drake of Hooksett; Rice of Hopkinton; Shepard of New London; Caveney of Northfield; Duford of Pembroke; Gilman of Pittsfield; Perkins of Pittsfield; Jewell of Warner; Mock of Webster; Stearns of Wilmot.

Thirty one members out of a total of forty nine, having answered to their names, a quorum was found to be present.

Mr. Arthur H. Britton, Chairman of the County Commissioners, explained the purposes of the meeting.

It was found, he said, that additional expense is necessary to complete the tunnels and the improvements to the heating plant at the County Farm. It was estimated that an additional \$4,041.00 will be needed.

Mr. Kimball, Boston engineer, who has made a thorough survey of the heating plant, discussed the situation and answered questions. He estimates that with the proposed improvements, \$1,000.00 a year in fuel can be saved. Where it now takes 15 pounds pressure of steam to heat the building, he was of the opinion that it can be done with three.

Mr. Welch of Andover, offered the following resolution:

Resolved, that the vote of the Convention of June 6, 1933: "Resolved that the balance of \$55,000 remaining in the so-called Jail Fund be used to retire outstanding notes of the County," be rescinded to the extent of reducing said appropriation from \$55,000.00 to \$50,000.00

The resolution was unanimously adopted.

Mr. Shepard of New London, offered the following resolution:

Resolved, that the sum of \$5,000.00 thus remaining in the so-called Jail Fund be and hereby is appropriated for completing the tunnel and the improvements to the heating plant at the County Farm. Unanimously adopted.

Mr. Britton explained the proposed additions, improvements and equipment at the Almshouse.

Mr. Corliss, State Commissioner of Public Welfare, spoke of the needs in this line, stating that this is the most crowded Almshouse in the State.

Mr. Forest, engineer of Concord, N. H., who made the tentative

plans and estimates submitted by the county commissioners to the convention, explained and discussed the plans.

Mr. Mock of Webster, moved that the amount for such improvements be \$115,000.00 Voted unanimously.

Mr. Jewell of Warner offered the following resolution:

Resolved, that the County Commissioners be and hereby are authorized to apply for a Federal loan not to exceed \$115,000.00 to be used for additions, improvements and equipment along the lines of the tentative plans and estimates submitted to the Convention by the County Commissioners.

The Resolution was unanimously adopted.

Mr. Britton explained the plans and estimates for additions and improvements to the House of Correction.

Sheriff Wooster spoke of the necessity for the proposed improvements.

Mr. Welch of Andover offered the following resolution:

Resolved, that the County Commissioners be and hereby are authorized to apply for a Federal loan not to exceed \$35,000.00 to be used for improvements and Jail facilities at the House of Correction building at the County Farm along the lines of the tentative estimates submitted to the Convention by the County Commissioners.

The Resolution was unanimously adopted.

Mr. Britton, for the County Commissioners, thanked the Convention, and assured the members that the utmost economy would be used in the expenditure of the funds voted.

On motion of Mr. Coveney of Northfield the Convention adjourned at 3:15 o'clock.

A true record, attest:

DANIEL M. WELCH, *Clerk.*

Concord, N. H., November 13, 1933.

Mr. John L. T. Shaw, Chairman,  
Merrimack County Convention,  
Chichester, New Hampshire.

Dear Sir:

Pursuant to the provisions of Chapter 120 of the Session Laws of 1933, we, the Commissioners of Merrimack County, request that you call a special meeting of the County Convention of Merrimack County at two o'clock, P. M., November 25, 1933, at the Merrimack County Court House in Concord, for the following purpose:

1. To see if the County Convention of Merrimack County will authorize the issuance of bonds of the County in the amount of One Hundred and Fifty Thousand dollars (\$150,000.00) less the amount received from the Federal Government under its grant agreement with Merrimack County, to raise money for the construction and equipment of additions and improvements at the Merrimack County Alms House, and for improvements and the installation of additional jail equipment in the Merrimack County House of Correction.

ARTHUR H. BRITTON,  
JOHN G. McQUILKIN,  
JOSEPH G. COLBY,

*Commissioners for Merrimack County.*

I, John L. T. Shaw, Chairman of the County Convention of Merrimack County, do certify that on November 13, 1933, I sent by registered mail, personal return receipt requested, to each member of the County Convention of Merrimack County, a notice of a special meeting of the County Convention of Merrimack County, and that I caused to be published on November 14, 1933, in the Manchester Union, and on November 13, 1933, in the Concord Monitor, newspapers of general circulation in Merrimack County, a like notice, a copy of which is as follows:

"A special meeting of the County Convention of Merrimack County will be held at two o'clock P. M. on November 25, 1933, at the Merrimack County Court House in Concord, for the following purpose:

1. To see if the County Convention of Merrimack County will authorize the issuance of bonds of the County in the amount of One Hundred and Fifty Thousand Dollars (\$150,000.00) less the amount received from the Federal Government under its grant agreement with Merrimack County, to raise money for the construction and equipment of additions and improvements at the Merrimack County Alms House, and for improvements and the installation of additional jail equipment in the Merrimack County House of Correction."

Forty-one members out of a total of forty-nine having answered to their names, the Chairman announced that a quorum was present.

The Chairman then read the following notice of a special meeting of the County Convention of Merrimack County:

"A special meeting of the County Convention of Merrimack County will be held at two o'clock P. M., on November 25, 1933, at the Merrimack County Court House in Concord, for the following purpose:

1. To see if the County Convention of Merrimack County will authorize the issuance of bonds of the County in the amount of One Hundred and Fifty Thousand Dollars (\$150,000.00) less the amount received from the Federal Government under its grant agreement with Merrimack County, to raise money for the construction and equipment for additions and improvements at the Merrimack County Alms House, and for improvements

and the installation of additional jail equipment in the Merrimack County House of Correction."

Upon the motion of Mr. Jewell of Warner, seconded by Mr. Blackwood of Concord, it was voted unanimously:

That the County Commissioners are hereby authorized to issue bonds in the amount of One Hundred and Fifty Thousand Dollars (\$150,000.00) less the amount received from the Federal Government under its grant agreement with Merrimack County, to raise money for the construction and equipment of additions and improvements at the Merrimack County Alms House, and for improvements and the installation of additional jail equipment in the Merrimack County House of Correction.

Upon the motion of Mr. Jewell of Warner, seconded by Mr. Blackwood of Concord, it was voted unanimously, That,

Said bonds shall be dated December 15, 1933 and payable on December 15, Seven Thousand Dollars (\$7,000) in each of the years 1935 to 1941 inclusive, and Six Thousand Dollars (\$6,000) in each of the years 1942 to 1952 inclusive, and shall bear interest not exceeding four per centum per annum.

Upon motion of Mr. Jewell of Warner, seconded by Mr. Blackwood of Concord, it was Voted Unanimously, That,

The County Commissioners are hereby authorized and empowered to proceed with the construction and equipment of additions and improvements at the Merrimack County Alms House, and for improvements and the installation of additional jail equipment in the Merrimack County House of Correction, and to execute such contracts and agreements as may be required and to properly complete said projects in a general way conforming to plans now in hand.

There being no further business to come before the meeting, upon motion of Mr. Baker of Concord, the Convention adjourned at 2:45 P. M.

I, Daniel M. Welch, Clerk of the County Convention of Merrimack County, do certify that the above record, is a true and correct record of the proceedings of a special meeting of the County Convention of Merrimack County held at the Merrimack County Court House in Concord, on November 25, 1933.

## REPORT OF COUNTY COMMISSIONERS

---

### *To the Citizens of Merrimack County:*

In accordance with the Public Laws of the State of New Hampshire the Commissioners of Merrimack County herewith present the annual report of the County Commissioners, Treasurer, Superintendent of Farm and House of Correction, Clerk of the Superior Court, Sheriff, Jailor, Solicitor, Farm Physician, Chaplain and Auditors for the year ending December 31, 1933.

---

The year 1933 was one of much activity in the administration of the affairs of the county, which included the construction of a subway connecting the main almshouse building with the house of correction building and heating plant, together with the rebuilding and improvements to the heating system. For these projects the county delegation appropriated the sum of twenty thousand dollars. Plans and specifications were secured and contracts awarded to the lowest of several bidders, which were the Roby Construction Co., of Manchester for the subway, and Lee Bros. Co., of Concord, for the heating system. Costs of these projects, including engineers' services to December 31, has been \$17,971.18, and it is expected the entire work will be completed within the appropriation. The investment has already shown itself to be justified by savings in the cost of fuel and the added safety and convenience in having an underground passage under the main highway connecting the main buildings.

The county delegation also authorized the enlargement of the main building and the installation of new jail equipment in the house of correction building, at an estimated total cost of \$150,000. The commissioners were authorized by unanimous vote of the delegation to make application for a grant and loan from the federal government on a basis of a free grant of 30% of cost of labor and material,

and bond issue not to exceed \$115,000.00 at a rate of interest not to exceed 4%. The necessary work involved in executing the agreement has required much time and study, however it is expected final details will soon be completed and actual construction of this long needed project will soon be begun.

During the last few months many applications have been received to provide for the care of many cases for which suitable provisions could not be found elsewhere. Although for some time the institution has been taxed to above normal capacity, an effort has been made to provide for all possible. With larger and better facilities now in prospect, a long felt want will have been realized.

In this connection we wish to heartily commend the faithful and efficient services of Superintendent and Matron Mr. and Mrs. J. M. Lorden, supported by a loyal corps of assistants, in providing good care and comfort to the large number making up the household coming under their supervision. We would suggest that you refer to the report of the Superintendent for a detailed report of the work for the past year. In these days when so much is being said and written about mounting relief costs, it is of interest to know that it was possible to provide proper care at the county home during the past year at a cost well below the budget appropriation. Another fact that should be of interest is that Merrimack County had the lowest per capita tax cost of any county in the state.

At the last session of the Legislature there was enacted into law "An Act Providing for Emergency Relief of Distress in the State of New Hampshire." This law provides that during the emergency resulting from the existing depression, but no longer than Dec. 31, 1934, there shall be constituted a director of poor relief to be appointed by the governor, who shall fix the salary. Said director during the time this act is in force, is directed to assume and exercise whenever and so far as it may be expedient, all the authority and powers now vested in other agencies of the

counties, cities or towns in respect to aid for persons who are poor and unable to support themselves, other than such persons as are now cared for in institutions of the state and of the counties, and to grant or administer aid, either by direct relief or employment projects, in such manner and under such conditions as may be deemed necessary. The law also provides that the director is authorized to divide the state into administrative districts and to appoint trained welfare workers to have general charge in each district, together with such other assistants as may be deemed necessary. The law also provides that the workers shall consult with and employ in the administration of this act, county commissioners, selectmen, overseers of the poor and other agencies of government having to do with poor relief, as long as reasonably competent service is rendered by them. The law also provides that the assistants employed by the director, other than workers in charge, shall be residents of New Hampshire.

For financing the act a special fund to be known as the Emergency Relief Fund is set up, to which shall be deposited funds received by the sale of state bonds of which one million, eight hundred thousand dollars (\$1,800,000) is authorized, also funds received from the Federal Government and other contributions. This fund is to be re-imbursed by the several counties, cities and towns for all expenditures allocated to them to the extent of twenty-five per cent thereof. This law was put in effect July 1, 1933, but as no statement had been received at the time the books were closed December 31, payment could not be made so as to be included in the 1933 report. It should be possible to make a complete report in the Report of 1934.

While this law is in force, it will be the purpose of the commissioners to fully co-operate with the relief administration whenever a desire for such co-operation may be indicated. We should all be reminded that relief costs, like all other public expenditures, eventually have to be paid by

the people in some form of taxation, whether it be town, county, state or federal in its several forms. The mere switching from one to the other does not of itself help the taxpayer.

Respectfully submitted,

ARTHUR H. BRITTON,  
JOHN G. McQUILKIN,  
JOSEPH G. COLBY,  
*Commissioners of Merrimack County.*

**AUDITORS' REPORT**

We hereby certify that we have audited the accounts of the county commissioners, county treasurer, and superintendent of the county farm, from January 1, 1933, to January 1, 1934 and have found the same correctly cast and supported by proper vouchers. We believe that all purchases have been made at reasonable prices and have been used for county purchases.

In closing our sixteenth annual report, we wish to express our appreciation to the County Delegation and Citizens for our recently constructed tunnel and new heating system, which has already begun to pay substantial dividends in a more adequate distribution of heat and very noticeable savings in the coal bin.

The general health of our people here at the farm for the past year has been remarkably good. We have had no serious epidemics or contagious diseases.

We would also call your attention to the herd of Pure-bred Holstein and Guernsey cattle which consists of nearly one hundred head, headed by a son of Sir Inka May (Carnation Inka Homestead King) and Roughwood Chevalier of the Dane Farm at Center Harbor. This combination herd has a successive four year record in the D. H. I. A. of over 12,000 pounds of milk and 400 pounds of butter fat per cow. This herd is also State and Federal Accredited for T B and Negative to the Agglutination test for Infectious Abortion.

Last, but not least, we extend our sincere thanks to the County Commissioners for their ever ready cooperation and advice in all matters pertaining to the welfare of the Farm.

We would also include our Chaplains, County Physician, Officers at the Farm and all organizations and individuals who have helped in various ways to make this a more pleasant country home.

Respectfully submitted,

J. M. LORDEN, *Superintendent.*

## REPORT OF THE CHAPLAIN

---

*To the Commissioners for the County of Merrimack:*

Another year has rolled around and once again the chaplain is expected to report his work. The services at the farm, twenty in all, held on the first and third Sunday afternoons of each month have been attended by large and sympathetic congregations. We have noticed the presence of Mr. and Mrs. Lorden at these meetings whenever possible and their helpers manifest the same spirit. The Chaplain has spoken words of comfort over the remains of six during the year. The Salvation Army has held twenty services, alternating with the chaplain every two weeks. A union service was held with the Salvation Army from Franklin on December 3rd in charge of Captain Price. After the usual service she spoke words of encouragement followed by several of her members. They visited the hospitals. On December 17 just previous to Christmas, about twenty singers accompanied by their pastor, Rev. Mr. Kimball of the M. E. church of Franklin, brought to the regular service beautiful Christmas carols and all visited the hospitals and the "shut-ins" were listening.

On New Year's day Miss Elizabeth Wentworth, a reader, and a group of young people from Boscawen sang several selections.

On several occasions Mrs. Lorden took advantage of the generous offer of the management of the Capital Theatre by taking about twenty-five of the younger patients to afternoon shows, transportation being furnished by officers of the Farm.

"The Journal Transcript of Franklin reported that Rev. and Mrs. Earl Koos, Mr. and Mrs. George A. Danforth and Mr. and Mrs. John Wentworth visited at the Merrimack County Farm in Gerrish, Wednesday. In the evening Mr. Koos, showed some very fine pictures to the inmates, which were highly appreciated."

The day of the year 1933 was observed—Christmas Day—with the following program, after which a choice turkey dinner had been served to all and the customary baskets of fruit, jelly and delicacies, twenty-five in number, were presented to the hospital patients by Mrs. Fred James, who also furnished the entire program as follows:

1. "O Little Town of Bethlehem."
2. Religious Service, conducted by the Chaplain.
3. "O Come All Ye Faithful."
4. Violin Selection—Donald Brailey.
5. Dance—Miss Ruth O'Brien.
6. Piano Selection—Mr. Rene Matthews.
7. Play—"With the Help of Pirett"—Ruth O'Brien, Bernard Miller, Byron Cockron, Eileen Boudreau.
8. Piano Selection—Mr. Rene Matthews.
9. Violin Selection—Mr. Donald Brailey.
10. Dance—Ruth O'Brien.
11. "The Merry Minstrels" directed by Miss Bette Heron of Boscawen. The cast being as follows: Justine Pillsbury, Arline Raymond, Bettie Schriver, Barbara Fairbanks, Neveley Fairbanks, Shirley Fairbanks, Elizabeth Heron, director.

The two Christmas trees were then placed in the hands of three "Santas," commissioners Britton, McQuilkin and Colby, who with their able assistants remembered all present in the largest attendance we have ever had at the Farm.

I wish it were possible to say in a few words the splendid condition of everything at the Farm, but you are invited to come and see for yourselves.

Respectfully submitted,

DANIEL McINTYRE.

## REPORT OF THE COUNTY SOLICITOR

---

Concord, N. H., Feb. 2, 1934.

*To the Commissioners for the County of Merrimack:*

I herewith submit my report as County Solicitor for the year ending December 31, 1933.

The Grand Jury at the April 1933 term returned indictments against the following: Carl R. Haynes for escaping from prison; Patrick Benwell for breaking and entering; Henry S. Tewksbury, Lee B. Tewksbury and Charles F. Martel for stealing chickens; Elwin R. Marsh for breaking, entering and larceny; Oliver A. Swanson for obtaining money by false pretenses; George Printz for larceny; Adams L. Greer for operating an automobile recklessly resulting in death; Mason B. Lufkin for operating a motor vehicle recklessly resulting in death; Albert D. Merriam for leaving the scene of an accident, knowing injury had been done to a person; Willard L. Whitcomb for larceny by means of a check; Bessie Whitcomb for larceny by means of a check, and Philip Cohn for larceny by means of a check. These cases were disposed of as follows: Carl R. Haynes, Patrick Benwell, and Henry S. Tewksbury were sentenced to the State Prison for not less than two nor more than three years; Lee B. Tewksbury and Charles F. Martel were each sentenced to the House of Correction for one year; their sentence being suspended during good behavior; Elwin R. Marsh was sentenced to State Prison for not less than two nor more than three years; Oliver A. Swanson broke jail and has not been apprehended; George Printz was tried by a jury and acquitted; Adams L. Greer paid a fine of \$450.00 and costs taxed at \$50.00, and received a sentence of one year to the House of Correction suspended; Mason B. Lufkin paid a fine of \$300.00 and received a sentence of one year

to the House of Correction suspended; Albert D. Merriam paid costs of \$25.00 and received a sentence of six months to the House of Correction suspended; the Whitcomb cases have not been disposed of; and Philip Cohen was sentenced to pay costs of \$65.00 and to serve ninety days in the House of Correction, and committed.

The Grand Jury for the October term returned indictments against Norman B. Shipper for a statutory offense, Wilfred Leddick for stealing an automobile, Clarence Kimball for non-support, Robert Ballou, Edward Dall, Patrick Benwell, John J. McCarthy and Stephen Zebal, all for escaping from states prison, Warren L. Dalton for embezzlement, William Smith for breaking and entering and larceny, Everett Bolis for a statutory offense, and Frank D. Bagley for breaking, entering and larceny. Shipper escaped from jail while waiting trial and has not been apprehended; Leddick was sentenced to the House of Correction for one year and committed; Kimball's case was continued; Ballou, Dall, Benwell and Zebal were each sentenced to State Prison for not less than one year and a day nor more than two years; McCarthy has not been apprehended; Dalton's case was continued for sentence; William Smith was sentenced to the House of Correction for one year, sentence suspended during good behavior; the case against Bolis was continued, and Bagley was sentenced to one year in the House of Correction suspended.

In reviewing my experience as Solicitor for the past five years, I am impressed with the need of more adequate juvenile and domestic relations courts as recommended by a committee appointed by the New Hampshire Bar Association. It is my opinion that legislation along the lines suggested in this report will be a distinct benefit to the state not only financially but also socially in saving youthful offenders from becoming habitual criminals.

During the Legislative Session of 1933, the Merrimack County Convention appointed a special budget committee.

The budget prepared by this committee for the County Solicitor's office, based on past experience, was for \$9,071.00. Although the extraordinary expense of \$1,079.29 was incurred for maintaining a guard at Camp Bueno at North Sutton because of a threatened kidnapping, yet the actual expense of the office was \$1,580.75 less than the amount allowed by the budget committee.

The budget and actual expenses were as follows:

Solicitor's Salary	\$1,250.00	\$1,250.00
Solicitor, liquor fees	600.00	300.00
Telephone service	300.00	160.44
Printing	16.00	12.00
Stenographer (inquests, etc.)	75.00	16.40
Autopsies, medical referee, etc.,	300.00	355.70
Meals for prisoners	150.00	110.65
Liquor investigations	500.00	
Grand and Petit Jurors and witnesses	730.00	383.87
Investigations, Sheriff and Deputies	2,500.00	2,588.80
Investigations, mileage	2,000.00	1,695.04
Transportation of prisoners	500.00	525.96
Miscellaneous	150.00	91.39
	<hr/>	<hr/>
	\$9,071.00	\$7,490.25

Respectfully submitted,

WILLOUGHBY A. COLBY.

In closing this, my annual report, I wish to express my gratitude for all the courtesies you have shown me. To the County Solicitor, my deputies, the police department of Concord and the police officers in the various towns, I extend my sincere thanks for their cooperation at all times. I also take this opportunity to thank Chief Manuel of Franklin for his hearty cooperation and valuable assistance in solving the breaks at Murray Hill extending over a period of three years.

Respectfully submitted,

GEORGE A. WOOSTER,  
*Sheriff.*
